Ada

Soft Skills

Art and Crafts

Knitting, sewing, drawing,
crafts (such as building
objects)

Sport

box, yoga, climbing

With a rigorous scientific background and a passion from programming, I thrive on solving complex problems through logic and collaboration. Curious, adaptable and detail-oriented, I am eager to contribute to real-world projects within a dynamic team. My goal is to apply my technical skills in a meaningful way while continuously learning and growing.

Education

L3 - Sciences du numérique

Since September 2025 [ENSEEIH](#) Toulouse

CPGE
